3. ADMISSIONS FOR THE SESSION -1996-97

The council has discussed at length the letter of Vice-Chancellor dated 18th June, 1996 stating the Boards directives to run some of the courses and not to run the other courses. This council feels that the reasons cited in the letter for different subjects are not based on the facts.

This University is recognised by the U.G.C. and is a member of Association of Indian Universities and is fully authorised to open and run different courses passed by the Academic council as per the norms of Act 9 of 1991, section 14(3)C page 28.

Besides, this council has already decided to run all

the courses including M.Sc. Environmental Science in its previous meeting held on 30th April, 1996, and informed the Board of Management.

The Council, therefore, resolves that the advertisement be made immediately for the admission of all the existing courses.
